Agenda  
Management Airfield Report

Meeting Notes:

The meeting followed the format of the published agenda:

Welcome

- 1) Apologies
- 2) Introductions
- 3) Declarations of Interest (as required)
- 4) Airfield Management Report (Airfield Development Section 6.5 BAJCC ToR)
- 5) Airfield Management Report (Operational Aspects Section 6.5 BAJCC ToR )
- 6) Report and review any breaches of conditions (Section 4.1 BAJCC ToR)
- 7) AOB.

No apologies were received from any missing party.

There were no declarations of interest.

PB presented the Airfield Management Report, supported by MS.

MS gave an update on the economics of the airfield's operations and the various factors that affect revenue and profitability.

PW stated that HDC was 'pro business' and that providing that due planning processes were followed HDC was supportive of the economic contribution that Bagby Airfield was and could make to the local area.

There was a detailed discussion around the planning related issues and it was agreed that MS would consult earlier on matters to allow HDC to feedback more constructively where appropriate. HDC agreed to respond where possible in more appropriate time scales relative to the matter under discussion/approval/submission.

PW corrected the assertion in the Management Report that possible changes in local government structures was having a bearing on planning matters, procedures and approach. This was noted and accepted by all.

The meeting was then concluded.

The meeting notes will be reviewed and updated as required then released on to the Bagby web site as required by HDC planning conditions along with the relevant documents as one document.
